TITLE: <b>Export Compliance Program</b>	ORIGINAL ISSUE DATE	Dated 2013 NOV 15
	PAGE	i

**MAGEE PLASTICS COMPANY EXPORT CONTROL POLICY**

A US business, Magee Plastics Company (MPC) has been serving the needs of aerospace, locomotive and ground industries through the design and manufacture of plastic and composite interior systems since 1968.

Through this Export Compliance Program, Magee Plastics Company shall fulfill its responsibility to adhere with all U.S. export controls, laws and regulations to include the Export Administration Regulations (EAR) and the International Traffic in Arms Regulations (ITAR) as applicable.

If any MPC products have been specifically designed for, or inherently have possible military applications, MPC shall obtain permission from the U.S. Government to export these products / technologies to other countries. To prevent unauthorized export, all employees and management shall be aware of these regulations and maintain a program of strict compliance.

The Magee Sales / Marketing Department shall work within the guidelines outlined in this Export Compliance Program and shall process and control all MPC exports to include finished products, articles, documents, or technical information. The designated MPC Export Compliance Administrators shall follow all required procedures and obtain necessary licenses and forms for said exports.

Magee Plastics Company Top Management is committed to ensure compliance with this Export Control program and shall allocate resources as necessary to support the associated activities within this program.

Under no circumstances will exports be made contrary to U.S. export control regulations. Under no circumstances will sales, exports, or re exports be made contrary to U.S. export regulations or the Customs laws of other countries. This policy also applies to domestic sales intended for export and “deemed” exports in which technology is provided to foreign persons in the U.S.

Failure to abide by the export policies set out in this manual can result in disciplinary action by Magee Management up to and including termination.
